Work Experience

Security Officer @ Paladin Security, Oakville ON

March 2026 - Present

- **Client & Stakeholder Management:** Deliver high-level **customer service** to clients, visitors, and corporate stakeholders daily, building rapport and maintaining a highly professional, welcoming environment.
- **Incident Resolution & Communication:** Manage and **de-escalate sensitive situations** calmly, translating complex incidents into precise, comprehensive, and legally defensible reports for management.
- **Observational Excellence:** Conduct rigorous patrols to proactively identify safety hazards, manage risks, and ensure complete **compliance** with site protocols.

Team Member @ Tim Hortons, Oakville ON

Oct 2025 - Feb 2026

- **Consultative Service & Upselling:** Successfully **drove daily sales targets** by actively identifying customer needs and recommending tailored menu options, significantly enhancing overall customer satisfaction.
- **High-Volume Operations:** Managed rapid-paced financial transactions with 100% accuracy while maintaining a friendly, positive attitude under high-pressure, time-sensitive conditions.
- **Conflict Resolution:** Promptly and tactfully **resolved diverse customer inquiries** and service issues, turning challenging situations into positive brand experiences.

Associate @ W Store, Waterloo ON

Sep 2022 - Oct 2025

- **Frontline Client Service & POS Operations:** Delivered customer-first service across WStore and WStore Essentials, efficiently processing an average of **70+ daily transactions** with high accuracy at the point-of-sale.
- **Order Fulfillment & Logistics:** Managed high-volume online order fulfillment, accurately picking, packing, and preparing **30+ online orders daily** for prompt shipment within strict turnaround deadlines.
- **Inventory Management & Merchandising:** Maintained optimal inventory precision across **hundreds of SKUs** by conducting weekly stock audits, restocking shelves, updating shelf tags, and processing vendor returns.
- **Event & Peak Period Support:** Provided critical logistical and operational support for major campus events including Fall/Winter Convocation and Start of Term rushes serving **thousands of students**.

Core Skills

- **Laboratory Competency & Technique:** Scientific Data Collection | Sample Handling & Processing | Quality Control Principles | Laboratory Safety Protocols
- **Compliance & Documentation:** Standard Operating Procedure (SOP) Adherence | Good Laboratory Practices (GLP) Alignment | WHMIS | Precise Data Verification & Processing
- **Scientific Foundation:** Bachelor of Science in Science | Analytical Mindset | Eager to Learn & Adapt to Advanced Instrumentation (HPLC, Mass Spectrometry, Assays)
- **Operational Precision & Efficiency:** High-Volume Task Management | Working Under Tight Time Constraints | Meticulous Attention to Detail | Collaborative Team Player
